### Teacher Housing

---

The provision of affordable accommodation to members of the teaching staff is an essential service in those communities where housing is not available from alternative sources.

#### **Specifically**

1. The Board intends to work toward having appropriate agencies in the local communities assume responsibility for teacherages.
2. The Northland School Division Housing Services will be structured in the form of a separate entity and be maintained as a separate cost centre.
3. The Northland School Division Housing Services shall strive to operate as a financially self-sufficient entity.
4. A procedures manual will be prepared to guide staff members in understanding the rental agreements and responsibilities of staff and of the division.
